Dear parents,

Well, we finally are finished! The 6<sup>th</sup> grade class invites you to join us in room 7 to listen to our country report presentations. On the other side of this paper you will find when your child has signed up to speak. Each slide show will be approximately 5-10 minutes long. Please keep practicing. (Speeches are **not** to go over 10 minutes). Keep in mind there may be adjustments in presentations due to computer glitches. So, please be patient if there are any changes. We look forward to seeing you there.

A little laugh. This may apply to some of you. ☺
